Enclosure

cc: Mr. John Brand (w/enc)

FORT TRANSFER CO.

Response to U.S. EPA Request for Information pursuant to Section 104 of CERCLA regarding the Texas Township Drum Site in Kalamazoo, Kalamazoo County, Michigan
CERCLIS ID: MIN000510313

June 28, 2012

On May 15, 2012, Fort Transfer Co. received an undated Request for Information pursuant to Section 104 of CERCLA from the U.S. EPA (the "Information Requests" or "Requests") regarding the Texas Township Drum Site in Kalamazoo, Kalamazoo County, Michigan (the "Site"). Fort Transfer responds to the Request as follows:

i) Identify all persons consulted in the preparation of the answers to these Information Requests.

Answer: Name: John A. Brand
Home Address: 219 N. Oklahoma Ave., Morton, IL 64550
Home Telephone Number: 309.303.9999
Employer: Fort Transfer Co.
Title: Chief Financial Officer
Business Address: 225 S. Maple, Morton, Illinois 61550
Business Telephone Number: (309) 263-2000

ii) Identify all documents consulted, examined, or referred to in the preparation of the answers to these Requests, and provide copies of all such documents.

Answer: Attached as Exhibit A are copies of all documents consulted, examined or referred to in the preparation of the answers to these requests.

iii) If you have reason to believe that there may be persons who are able to provide a more detailed or complete response to any Information Request, or who may be able to provide additional responsive documents, identify such persons.

Answer: Fort Transfer Co. has no knowledge or information concerning any persons who may be able to provide a more detailed or complete response to any Information Request, or who may be able to provide additional responsive documents.

iv) Did you ever enter into an oral or written contract or otherwise do business with either Chemical Assistance, Inc., Environmental Network, Inc. or Donald Haugen for the purpose of arranging for the storage, treatment or disposal of waste materials?

Answer: Fort Transfer Co. transacted business with Environmental Network, Inc. for the purpose of (i) transporting waste materials generated by Chicago State University to Petro-Chem Processing, Inc. in Detroit, Michigan

"Petro-Chem"), (ii) transporting waste materials generated by West Virginia State College to Petro-Chem, and (iii) transporting waste materials generated by Gustavus Adolphus College to Petro-Chem. Fort Transfer Co. has no knowledge or information of any other business transactions between Fort Transfer Co. and Environmental Network, Inc. Fort Transfer Co. has no knowledge or information of having conducted any business whatsoever with Chemical Assistance, Inc. or Donald Haugen.

If you did, please identify the following:

- a) The persons with whom you or such other persons made such arrangements;

Answer: Fort Transfer Co. has no knowledge or information responsive to this request apart from the information set forth in the documents attached as Exhibit A. Those documents indicate that Fort Transfer Co.'s invoices were sent to "Bev Lorenzo" at Environmental Network, Inc. 221 Dino Drive, Suite B, Ann Arbor, MI 48103, Phone Number (313) 426-9121. In addition, at least one document consists of a facsimile dated June 23, 1992 from Beverly Lorenzo of Environmental Network, Inc. to "Kevin" at Fort Transfer Co. containing instructions and directions for picking up waste materials from Gustavus Adolphus College in St. Peter, Minnesota.

- b) The contact information for each person with whom such arrangements were made;

Answer: Fort Transfer Co. has no knowledge or information responsive to this request apart from the information set forth in the documents attached as Exhibit A. See Answer (iv)(a), above, for contact information for Beverly Lorenzo of Environmental Network, Inc.

- c) Every date on which such arrangements took place;

Answer: Fort Transfer Co. has no knowledge or information responsive to this request apart from the information set forth in the documents attached as Exhibit A. Based on those documents, Fort Transfer Co. picked up waste materials at the direction of Environmental Network, Inc. from (1) Chicago State University on November 7, 1991, (2) West Virginia State College on November 14, 1991, and (3) Gustavus Adolphus College on June 25, 1992.

- d) For each transaction, the nature of the waste material or hazardous substance, including the chemical content, characteristics, physical state (e.g., solid, liquid) and the process for which the substance was used or the process which generated the substance;

Answer: Fort Transfer Co. has no knowledge or information responsive to this request apart from the information set forth in the documents attached as Exhibit A. The only information in those documents that is responsive to this request is as follows:

(1) The waste materials picked up by Fort Transfer Co. from Chicago State University on November 7, 1991 consisted of 160 gallons of "RQ" Hazardous Waste Liquid containing Carbon Tetrachloride and Acetone, a/k/a Prequal #U33549;

(2) the waste materials picked up by Fort Transfer Co. from West Virginia State College on November 14, 1991 consisted of 140 gallons of "RQ" Hazardous Waste Liquid containing Chloroform and Acetone, a/k/a Prequal #U33762; and

(3) the waste materials picked up by Fort Transfer Co. from Gustavus Adolphus College consisted of 180 gallons of "RQ" Hazardous Waste Liquid containing Chloroform and acetone a/k/a Prequal #U39453.

- e) The owner of the waste materials or hazardous substances so accepted or transported;

Answer: Fort Transfer Co. has no knowledge or information responsive to this request apart from the information set forth in the documents attached as Exhibit A. Of those documents, a Straight Bill of Lading concerning the transaction for West Virginia State College indicates that Environmental Network, Inc. was the "consignee" of the waste materials, and West Virginia State College was the "shipper" suggesting that West Virginia State College was the owner of the waste material. A second Straight Bill of Lading concerning the transaction for Chicago State University also identifies Environmental Network, Inc. as the consignee, and Chicago State University as the shipper, suggesting that Chicago State University was the owner of the waste material.

- f) The quantity of the waste materials or hazardous substances involved (weight or volume) in each transaction and the total quantity for all transactions;

Answer: Fort Transfer Co. has no knowledge or information responsive to this request apart from the information set forth in the documents attached as Exhibit A. See the Answer provided in response to Request No. (iv)(d) above. The total amount of waste materials picked up by Fort Transfer Co. in connection with all three transactions identified by the documents in Exhibit A was 480 gallons.

- g) All tests, analyses and analytical results concerning the waste materials;

Answer: Fort Transfer Co. has no knowledge or information responsive to this request apart from the information set forth in the documents attached as Exhibit A. One of those documents is entitled "Hazardous Waste Restricted From Land Disposal Notice to Petro-Chem Processing, Inc." dated June 25, 1992 with regard to the waste materials picked up by Fort Transfer Co. from Gustavus Adolphus College. That notice indicates which chemicals in the College's waste materials exceed the applicable treatment standards for land based disposal of the waste materials.

- h) The person(s) who selected the Site as the place to which the waste materials or hazardous substances were to be transported;

Answer: Fort Transfer Co. has no knowledge or information responsive to this request apart from the information set forth in the documents attached as Exhibit A, provided, however, that Fort Transfer Co., as a trucking company transporting waste materials at the direction of for Environmental Network, Inc., would not have selected the place to which the waste materials were transported.

- i) The amount paid in connection with each transaction, the method of payment and the identity of the person from whom payment was received;

Answer: Fort Transfer Co. has no knowledge or information responsive to this request apart from the information set forth in the documents attached as Exhibit A. The invoices from Fort Transfer Co. to Environmental Network, Inc. contained in Exhibit A indicate that Fort Transfer Co. billed Environmental Network, Inc. for each of the three transactions, but Fort Transfer Co. has no knowledge or information as to whether these amounts were actually paid, the method of payment used, or the identity of the person from whom the payment was received.

- j) Where the person identified in g. above intended to have such hazardous substances or waste materials transported and all evidence of this intent;

Answer: Fort Transfer Co. has no knowledge or information responsive to this request apart from the information set forth in the documents attached as Exhibit A. The three waste manifests included in Exhibit A clearly indicate that all waste materials picked up by Fort Transfer Co. in connection with each of the three transactions were to

be taken to Petro-Chem Processing, Inc. at 515 Lyncaste, Detroit, MI 48214.

- k) Whether the waste materials or hazardous substances involved in each transaction were transshipped through, or were stored or held at, any intermediate site prior to final treatment or disposal;

Answer: Fort Transfer Co. has no knowledge or information responsive to this request apart from the information set forth in the documents attached as Exhibit A.

- l) The final disposition of each of the waste materials or hazardous substances involved in such transactions;

Answer: Based on the documents attached as Exhibit A, all waste materials transported by Fort Transfer Co. for the customers of Environmental Network, Inc. were taken to Petro-Chem Processing, Inc. Fort Transfer Co. has no knowledge or information concerning the ultimate disposition of those waste materials by Petro-Chem Processing, Inc.

- m) The measures taken by you to determine the actual methods, means and site of treatment or disposal of the waste material and hazardous substances involved in each transaction;

Answer: Fort Transfer Co. has no knowledge or information responsive to this request apart from the information set forth in the documents attached as Exhibit A.

- n) The type and number of containers in which the waste materials or hazardous substances were contained when they were accepted for transport, and subsequently until they were deposited at the Site, and all markings on such containers;

Answer: Fort Transfer Co. has no knowledge or information responsive to this request apart from the information set forth in the documents attached as Exhibit A.

- o) The price paid for (i) transport or (ii) disposal or (iii) or both, of each waste material and hazardous substance;

Answer: Fort Transfer Co. has no knowledge or information responsive to this request apart from the information set forth in the documents attached as Exhibit A. The three invoices included in Exhibit A identify the price charged by Fort Transfer Co. for transportation services it provided in connection with each of the three transactions.

- p) All documents containing information responsive to a) – p) above, or in lieu of identification of all relevant documents, provide copies of all such documents;

Answer: Copies of all documents containing information responsive to a) – p) above are included in the attached Exhibit A.

- q) All persons with knowledge, information or documents responsive to questions a) through p) above.

Answer: Fort Transfer Co. has no knowledge or information responsive to this request apart from the information set forth in the documents attached as Exhibit A.

The answers provided above are true and accurate to the best of Fort Transfer Co.'s knowledge. If Fort Transfer Co. becomes aware of additional responsive information after the date of these answers, Fort Transfer Co. will supplement its answers.

HAZARDOUS WASTE RESTRICTED FROM LAND DISPOSAL NOTICE TO PETRO-CHEM PROCESSING, INC.

On manifest number MI 2584558 line item A (A, B, C or D),
the waste bearing the EPA hazardous waste number(s) F002, F003, F005, D001

is subject to the land disposal restrictions of 40 CFR Part 268. In accordance with 40 CFR 268.7, this generator is providing notice that the waste does not meet the treatment standards specified in Part 268 Subpart D or does not meet the prohibitions specified in 268.32 or RCRA section 3004(d). The treatment standards follow:

Hazardous waste description	Constituents of concern	Nonwastewater	
		Total composition, mg/kg	Wastewater, total composition, mg/L
<input type="checkbox"/> F001 - Spent halogenated solvents used in degreasing	Carbon tetrachloride	0.96	0.05
	Methylene chloride	0.96	0.20
	Tetrachloroethylene	0.05	0.079
	1,1,1-Trichloroethane	0.41	1.05
	Trichloroethylene	0.091	0.057
	1,1,2-Trichloro-1,2,2-trifluoroethane	0.96	1.05
	Fluoroethane		
	Trichlorofluoromethane	0.96	0.05
<input checked="" type="checkbox"/> F002 - Spent halogenated solvents	Chlorobenzene	0.05	0.15
	1,2-Dichlorobenzene	0.125	0.45
	Methylene chloride	0.96	0.20
	Methylene chloride (from the pharmaceutical industry)		0.44
	Tetrachloroethylene	0.05	0.079
	1,1,1-Trichloroethane	0.41	1.05
	1,1,2-Trichloroethane	7.6	0.030
	Trichloroethylene	0.091	0.057
	1,1,2-Trichloro-1,2,2-trifluoroethane	0.96	1.05
	Fluoroethane		
	Trichlorofluoromethane	0.96	0.05
<input checked="" type="checkbox"/> F003 - Spent non-halogenated solvents	Acetone	0.59	0.05
	n-Butyl alcohol	5.0	5.0
	Cyclohexanone	0.75	0.125
	Ethyl acetate	0.75	0.05
	Ethyl benzene	0.053	0.05
	Ethyl ether	0.75	0.05
	Methanol	0.75	0.05
	Methyl isobutyl ketone	0.15	0.05
	Xylene	0.75	1.12
<input type="checkbox"/> F004 - Spent non-halogenated solvents	Cresols (and cretylic acid)	0.125	0.56
<input checked="" type="checkbox"/> F005 - Spent non-halogenated solvents	Nitrobenzene	1.7	0.070
	Benzene	4.51	1.95
	Carbon disulfide		
	2-Ethoxyethanol	Incineration	Biological degradation or incineration
	Isobutanol	5.0	5.0
	Methyl ethyl ketone	0.75	0.05
	2-Nitropropane	Incineration	(Via oxidation or chemical oxidation) followed by carbon adsorption or incineration
	Pyridine	0.33	1.12
	Toluene	0.33	1.12

Check the appropriate box(es), and, circle each chemical entity likely to be present in each waste number.

Circle each of the following characteristic wastes also likely to be present in the waste.

Waste Code	Description	Wastewaters	Nonwastewaters
D001:	Wastewaters (<1.0 wt% TOC and /SS)	268.42(a) DEACT <input checked="" type="checkbox"/>	NA
	Low TOC Ignitable Liquids (<10 wt% TOC)	NA	268.42(a) DEACT
	High TOC Ignitable Liquids (>10 wt% TOC)	NA	268.42(a) RMERC, TSUS, or RCIN
D002	Corrosives, all subcategories & C.I. 1st	268.42(a) DEACT	268.42(a) DEACT
D004	Arsenic (As)	268.43(a)	268.41(a) Variance until 5-8-92
D005	Barium (Ba)	268.43(a)	268.41(a)
D006	Cadmium (Cd)	268.43(a)	268.41(a)
D007	Chromium (Cr)	268.43(a)	268.41(a)
D008	Lead (Pb)	268.43(a)	268.41(a)
D009:	Low Mercury Subcategory (<260 ppm Hg)	268.43(a)	268.42(a) RMERC Variance until 5-8-92
	High Mercury Subcategory b=260 ppm Hg	268.43(a)	268.42(a) RMERC Variance until 5-8-92
D010	Selenium (Se)	268.43(a)	268.41(a)
D011	Silver (Ag)	268.43(a)	268.41(a)
Other Codes See attachment for supplemental list			

☒ (Check if applicable) This waste is principally an organic liquid, and therefore, it is my best judgement that this material presents substantially the same environmental risk as F001-F005 spent solvents, and this, should be restricted from land disposal.

After printing this label:

1. Use the 'Print' button on this page to print your label to your laser or inkjet printer.
2. Fold the printed page along the horizontal line.
3. Place label in shipping pouch and affix it to your shipment so that the barcode portion of the label can be read and scanned.

Warning: Use only the printed original label for shipping. Using a photocopy of this label for shipping purposes is fraudulent and could result in additional billing charges, along with the cancellation of your FedEx account number. Use of this system constitutes your agreement to the service conditions in the current FedEx Service Guide, available on fedex.com. FedEx will not be responsible for any claim in excess of \$100 per package, whether the result of loss, damage, delay, non-delivery, misdelivery, or misinformation, unless you declare a higher value, pay an additional charge, document your actual loss and file a timely claim. Limitations found in the current FedEx Service Guide apply. Your right to recover from FedEx for any loss, including intrinsic value of the package, loss of sales, income interest, profit, attorney's fees, costs, and other forms of damage whether direct, incidental, consequential, or special is limited to the greater of \$100 or the authorized declared value. Recovery cannot exceed actual documented loss. Maximum for items of extraordinary value is \$500, e.g. jewelry, precious metals, negotiable instruments and other items listed in our ServiceGuide. Written claims must be filed within strict time limits, see current FedEx Service Guide.
